Groundwater FS Rationale EPA Anaconda 2017 Feb 6 draft.docx

No problem Dave. Thank you. I will take a look.

Subject: Anaconda OU1 Groundwater

Enrique,

I'm out on sick leave so I'm not sure if anyone of the Anaconda team has forwarded this to you to see if this is what you were looking for with respect to the logic of conducting an FS for the entire groundwater plume.

Normally I would not forward to you directly but since you spoke with me after the EPA/NDEP/BLM/ARC meeting I thought there would be no harm in forwarding.

Thanks,
Dave
